Argentine borders re-open on November 1

September 21, 2021

Official announcement by the Ministry of Health issued this morning, details below.

On September 21, 2021, the Argentine Minister of Health announced that the borders of Argentina will reopen on November 1, 2021 for all foreigners if they are fully vaccinated.

What are the requirements to enter Argentina?

During the press conference, it became clear that there are some requirements to enter Argentina.

1. Fully vaccinated for at least 14 days on the day of arrival in Argentina.
2. Present a negative PCR test no older than 72h.
3. Get a new PCR test between days 5 and 7 in Argentina.
4. Those who are not fully vaccinated, including minors, must perform quarantine, a PCR test on arrival, and a PCR test on day 7.
5. When 50% of Argentines are vaccinated, the rule of a PCR test between 5 and 7 for fully vaccinated foreigners will be stopped.

What vaccines?

Most vaccines will be allowed. Pfizer, Moderna, Astra-Zeneca, Sputnik, and Sinopharm as these vaccines are also used in Argentina. Johnson and Johnson's vaccine is under investigation by the government health service.

Summary

We are very happy to be able to let you know this information. This is wonderful news that we have all been waiting for a long, long time. The Buenos Aires TEFL team is working on rescheduling the classes, giving priority to the ones that have already bought their plane tickets and also to the ones that have long been waiting with the course already paid. These students will be placed immediately on the November date. Further updates will be issued as we're arduously organizing our timetables, always attentive to official governmental information. Thank you for your patience.

Best regards,

Buenos Aires TEFL
